COMING TO OWOSSO

**Dr. Hayden
OF DETROIT**

Specialist in the Treatment of Chronic Diseases and Deformities Without Surgical Operation.

OFFERS FREE SERVICES

To Everyone Who is Really Sick or Deformed Who Will Call at the **WILDERMUTH HOTEL**

FRIDAY, APRIL 7th

From 9 A. M. to 4 P. M.

ONE DAY ONLY

Government statistics show that more lives are lost by preventable and curable diseases than by the bullets of the combined armies of the world. More misery, poverty and wrecked homes are caused by these diseases than by the mightiest siege guns and yet little heed is paid to right living and the cure of these diseases.

Dr. Hayden is licensed by the state for the treatment of all chronic diseases and deformities of men, women and children and will demonstrate in the principal towns throughout the state the successful methods of treating diseases and deformities without surgical operation. Consultation, examination and advice FREE, making no charge whatever except the cost of medicine or appliances needed for those who are selected as proper cases for treatment. All that is asked in return for these valuable services is that every person treated will state the result obtained to their friends and thus prove to the sick and afflicted in every city and locality, that at last treatments have been devised that are reasonably sure and certain in their effect.

It is unnecessary to enumerate the diseases treated; suffice it to say that every man, woman and child who has any disease or infirmity whatsoever is invited to call. Those who have been told that an operation is necessary or those who have been told their case is incurable or those who have been treated by other doctors without benefit are especially invited to call.

Married ladies must be accompanied by their husbands and minors by their parents.

NOTE: Dr. Hayden is well known in this his home state and you can rely absolutely on what he tells you.
